

PARIKSHE WEBSITE — HOMEPAGE RESTRUCTURING & CONTENT UPDATE

1. Objective

The objective of this exercise is to restructure and enhance the existing Parikshe website homepage to improve content hierarchy, product visibility, student engagement, social proof, and conversion opportunities.

The revised homepage should provide visitors with a clear understanding of:

- What Parikshe offers
- Who Parikshe is for
- Why students should choose Parikshe
- What additional value paid products provide
- Student outcomes and success
- Parikshe's app and guidebooks
- Relevant courses and learning pathways

The restructuring should retain the existing brand identity while improving the overall content flow, communication, and user journey.

2. Proposed Homepage Flow

The homepage will be restructured into the following sections:

- Menu Bar
- Hero Banner – we need creative for all the banner which comes under this
- Introduction – Need buttons which will redirect to purchase page
- Why Choose Parikshe / USP
- Exam Categories – this section will redirect to study page
- Parikshe at Scale
- App & Guidebooks – creative for Guidebook
- Results
- Student Testimonials / Student Stories

- Contact Us

This structure is intended to create a natural journey from brand introduction → offerings → credibility → proof → conversion.

3. Section-wise Proposed Changes

3.1 Menu Bar

Current Status

No major changes proposed.

Proposed Change

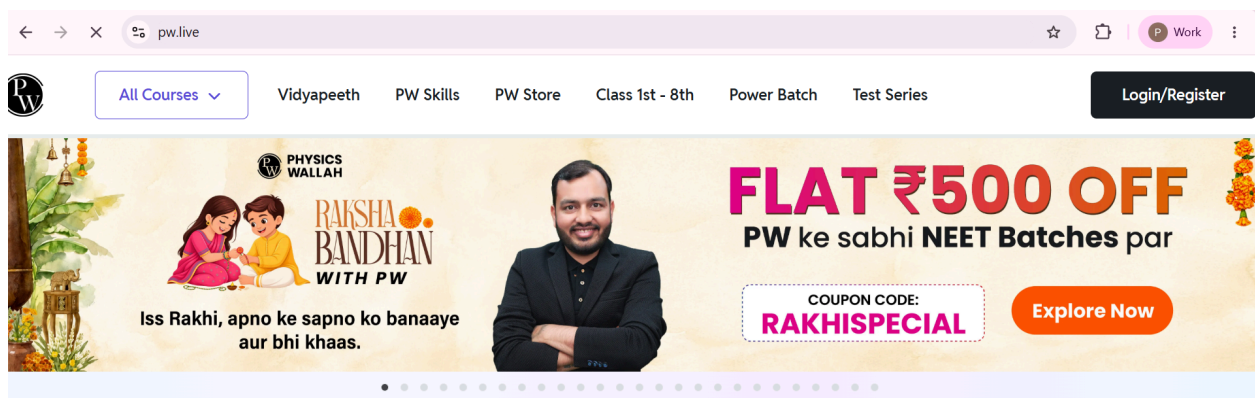

Retain the existing menu structure while ensuring that navigation remains simple and easily accessible across desktop and mobile.

3.2 Hero Banner

Objective

The Hero Banner will become the primary communication and promotional area of the homepage. It should dynamically highlight the most relevant Parikshe offering, campaign, or student proposition.

References:

Proposed Content

The banner can be used to highlight:

- Products
- Guidebooks
- Parikshe App
- Promotional offers
- Student achievements
- Benefits of paid products versus free YouTube content
 - * All these require a creative which will be used as banner
- Festive offer

Product Banner (Need Creative)

Product banners should contain:

- Product name
- Relevant student/exam category
- Key offering
- Price, wherever applicable
- Clear CTA (Buy now or Avail the offer)

The communication should remain minimal and visually driven, rather than becoming text-heavy.

Offering Banner (Need Creative)

A separate banner can communicate Parikshe's broader learning ecosystem, including:

- Live classes
- Test series
- Notes
- PDFs
- Doubt solving
- Student support
- Other relevant learning resources

App Banner (Need Creative)

Highlight:

- Parikshe App
- App rating
- Download CTA

Student Banner (Need Creative)

Use a collage / visual representation of Parikshe students to establish scale and student association.

Free vs Paid Banner (Need Creative)

Clearly communicate the difference between consuming free educational content and following a structured Parikshe learning program. The comparison should focus on learning structure, support, resources and outcomes, rather than simply positioning one as "free" and the other as "paid."

Proposed Comparison (Banner format)

Parameter	Free YouTube Content	Paid Parikshe Products
Structured Learning	Self managed	Structured plan aligned with syllabus
Live Classes	Limited	Live classes on the Parikshe App
Doubt Solving	No	Dedicated 1-on-1 support
Study Material	Not included	Curated Notes, previous-year papers & mock tests
Practice & Assessment	Self-managed	Integrated tests & practice
Revision Support	Self-managed	Planned revision & exam preparation
Guidance & Progress	No personalised guidance	Guided preparation with progress tracking

3.3 Introduction

Objective

Strengthen the introduction section so that a visitor can quickly understand what Parikshe represents and what learning categories it serves.

Proposed Change

Current positioning: "Learning Destination for SSLC, PUC, KCET, NEET & CA Foundation"

Instead of placing all exam categories within the primary statement, introduce them through individual interactive buttons/cards.

And text Suggestion

Karnataka's Largest Learning Destination for SSLC, PUC, KCET, NEET & CA Foundation

Learn. Prepare. Achieve.

Parikshe offers expert-led online courses, study materials, practice tests and exam preparation for SSLC, PUC, KCET, NEET and CA Foundation students across Karnataka.

Proposed Structure

- **Headline / Introduction** - Briefly communicate Parikshe's role as a learning destination.
- **Exam / Category Buttons** - SSLC, PUC Science, PUC Commerce, KCET, NEET, CA Foundation. Each button should redirect users to the relevant study/category page.
- **App CTA** - Follow the category navigation with a prominent App Install CTA.
- **Visual Storytelling** - Introduce images showing teachers interacting with and engaging with students, with representation from the relevant categories.

3.4 Why choose Parikshe?

Objective

Strengthen the existing "Why Choose Parikshe?" section.

Proposed Change

Restructure the current USP presentation into a more visually engaging format using:

- Updated icons
- Ribbon / horizontal information treatment (which includes Topic-wise Video Lectures, chapter wise Notes, PYQ's, Doubt Solving, Multi-language Learning, Live Revision Classes, 1-1 mentorship)
- Short, benefit-led statements
- Consistent visual hierarchy

Communication Principle

The section should answer: "Why should a student choose Parikshe over other learning options?" The focus should remain on tangible student benefits rather than generic brand statements.

Why Physics Wallah?

Your One Stop Destination For Success

Live / Scheduled Lectures

Learning is an important step for achieving dreams in a student's journey. We encourage the student to explore the concept in depth instead of memorizing. The live lectures help us in learning the needs of the students and motivates the students to be creative and be passionate learners.

Live Doubt Solving Sessions

At Physics Wallah we always encourage students to ask questions. We have created an atmosphere where students don't hesitate to ask their doubts. We firmly believe in More you ask, the more you learn.

Structured And Targeted Study Material

Explore the art of concept with our structured material with intelligent question tackling and problem solving skills.

Tests On Regular Basis For Progress Tracking

It is a set of test papers designed to make the student comfortable with all possible varieties of questions along with the various ways in which the same question can be put in order to make the student sweat in the exam hall. The problems involve multi-dimensional thinking at a time.

Text suggestions:

 **Expert Teachers** — Learn from experienced educators through expert-led **SSLC, PUC, KCET, NEET & CA Foundation classes**.

 **Complete Study Material** — Access **notes, PYQs, question banks and practice tests** for effective exam preparation.

 **Exam-Focused Learning** — Get focused preparation for **Karnataka Board Exams, KCET, NEET & CA Foundation**.

 **Doubt Support** — Clear your concepts and get your **exam preparation doubts answered**.

Learn Anytime, Anywhere — Access **online classes and study resources** anytime, anywhere.

3.5 Exam Categories

Objective

Create clear entry points for students based on their examination/category.

Proposed Categories

SSLC

NEET

KCET

CA Foundation

PU1 SCIENCE

PU2 SCIENCE

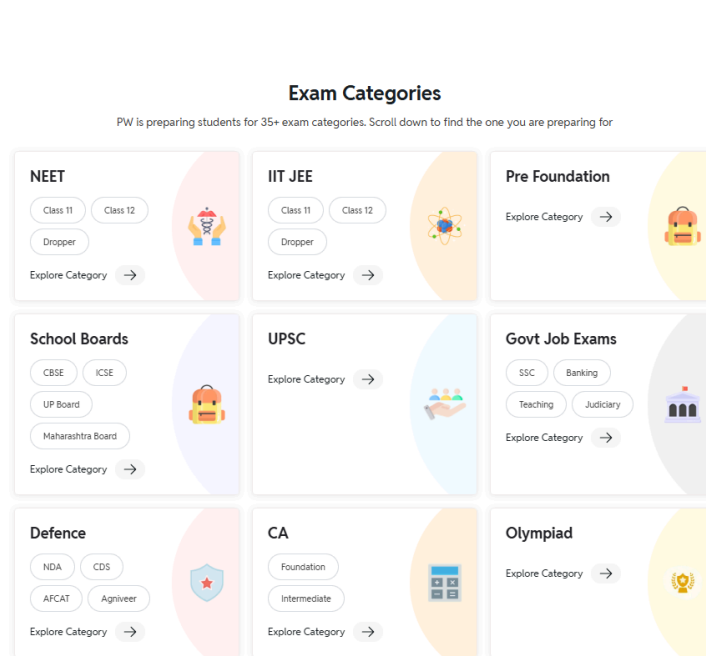

PU1 COMMERCE

PU2 COMMERCE

Interaction

Each category should have: Category → Short description (Product listing) -> Explore Now

The Explore Now CTA should redirect users to the relevant study page. The category section should make it easy for a visitor to identify "Where do I belong?" and proceed accordingly.

3.6 Students Love Parikshe, hear from them

Objective

Use scale and student presence as a strong social proof element.

Proposed Change

Highlight key Parikshe numbers in a visually prominent format on an image with bg

Potential metrics may include:

- Number of students
- Years of experience
- App downloads
- Courses / learning resources (Total YT lectures)
- Results / achievements

Visual Treatment

Use student imagery in the background where appropriate to reinforce the sense of community and scale. Icons should also be refreshed as part of the restructuring.

3.7. App

This section will provide dedicated visibility to two important Parikshe offerings.

App

Objective

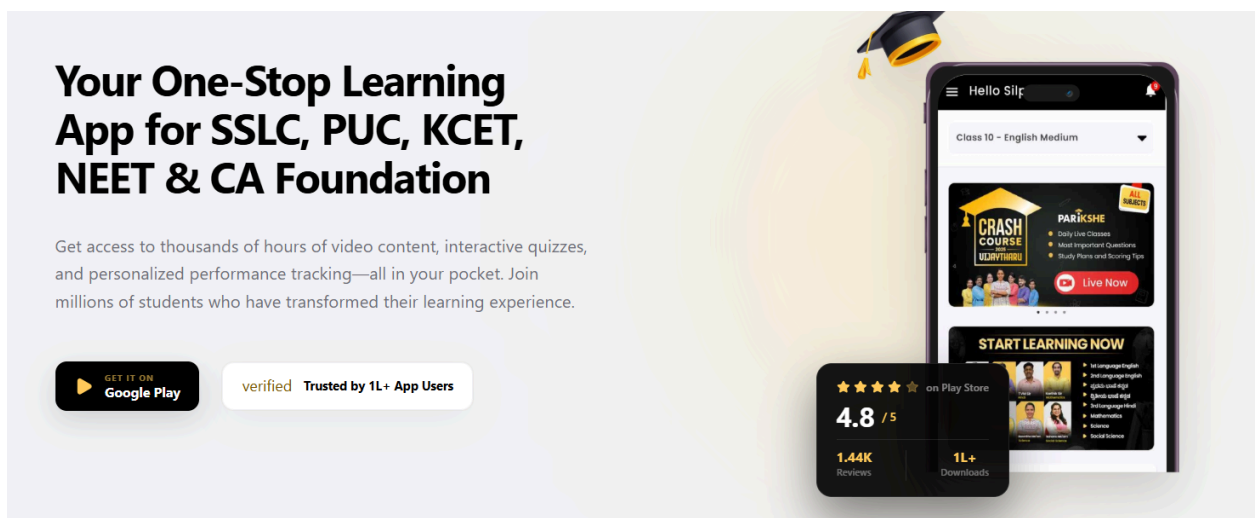

Drive app adoption.

Proposed Treatment

Highlight:

- App interface / visual
- App rating
- Key benefit
- Download CTA: Redirect to the relevant app installation destination.

Visually the current design can remain

3.8. Study Resources

We can include a section like this

Reference:

Study Resources

A diverse array of learning materials to enhance your educational journey.

Reference Books

Our experts have created thorough study materials that break down complicated concepts into easily understandable content

Explore

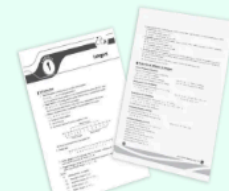

NCERT Solutions

Unlock academic excellence with Physics Wallah's NCERT Solutions which provides you step-by-step solutions

Notes

Use Physics Wallah's detailed study materials that simplify complex ideas into easily understandable language

We can have

- Guidebook
- Youtube tutorials
- Paid products

3.9. Free YouTube vs Paid Parikshe Products

Objective

Clearly communicate the difference between consuming free educational content and following a structured Parikshe learning program. The comparison should focus on learning structure, support, resources and outcomes, rather than simply positioning one as "free" and the other as "paid."

Proposed Comparison (Banner format)

Parameter	Free YouTube Content	Paid Parikshe Products
Structured Learning	Self managed	Structured plan aligned with syllabus
Live Classes	Limited	Live classes on the Parikshe App
Doubt Solving	Limited	Dedicated 1-on-1 support
Study Material	Not included	Curated Notes, previous-year papers & mock tests

Practice & Assessment	Self-managed	Integrated tests & practice
Revision Support	Self-managed	Planned revision & exam preparation
Guidance & Progress	No personalised guidance	Guided preparation with progress tracking

3.10 Results

Objective

Use actual student outcomes to establish credibility and demonstrate the effectiveness of Parikshe's learning ecosystem.

Proposed Treatment

Results should be presented category-wise, for example:

- SSLC
- PUC Science
- PUC Commerce

Interaction

The section should:

- Rotate between categories
- Display relevant result highlights
- Provide navigation/buttons

The category should change at defined intervals while still providing users with manual navigation options.

3.11. Student Testimonials / Student Stories

Proposed Naming

Instead of simply "Testimonials", consider a more student-centric heading such as:

- Students Love Parikshe
- Our Students' Stories
- Student Success Stories

Objective

Move beyond traditional testimonial quotes and showcase the student experience and outcomes associated with Parikshe.

Content

Potential formats:

- Student image
- Name
- Exam/category
- Short testimonial
- Achievement/result
- Optional video testimonial

The current document also suggests exploring an "Alumni" positioning.

3.12. Contact Us

Proposed Changes

Update the contact section with the latest:

- Email ID - Unchanged
- Phone number - 9686390808 (need to check)
- Whatsapp icon leads to google form that need to be fixed
- Instagram and YT logo leads to SSLC pages. Suggesting to remove from the home page and include only on product specific pages.

Remove

- Existing physical address, as proposed in the current document.

Additional Requirement

The section should provide clear and accessible ways for visitors to contact Parikshe.

3.13. SEO Pages

SEO should be treated as part of the restructuring rather than an afterthought.

Proposed Direction

Create dedicated SEO-oriented pages around the major examination categories and relevant student search requirements. The exact list of pages, keywords and content requirements should be finalised separately with the SEO/marketing team.

Initial Categories

- SSLC
- PUC Science
- PUC Commerce
- KCET
- NEET
- CA Foundation

Summary

Key Principles for the Restructuring

This section provides everyone with a decision-making framework.

- Student First - Every section should answer a student/parent question or help them take the next step.
- Product Visibility - Relevant products should be discoverable without making the homepage feel like a catalogue.
- Clear CTAs - Every major section should have a clear next action.
- Proof Before Promise - Wherever possible, claims should be supported by actual results, student stories or verified data.
- Minimal Copy - Use short, easy-to-scan communication supported by strong visuals.
- Dynamic Content - The structure should allow banners, offers, results and other time-sensitive content to be updated without redesigning the page.
- Mobile First - The revised experience should work particularly well for mobile users, given the student audience.
